Mark with "X" to designate Hazardous Materials as defined in the Department of transportation Regulations governing the transportation of hazardous materials.

If the shipment moves between two ports by a carrier by water, the law requires that the bill of lading shall state whether it is "Carrier's or shipper's weight."

Where the value is higher than release value, customers/shippers are required to state specifically in writing prior to shipping the agreed or declared value of the property. Other liability limitations and restrictions may apply and are found in the rules tariff.

SECTION 7 Subject to Section 7 of conditions, if this shipment is to be delivered to the consignee without recourse on the consignor, the consignor shall sign the following: The carrier shall not make delivery of this without payment of freight and all other charges. **X** _____
